Education

SRM University — **Chennai, Tamil Nadu**
Bachelor of Technology in Computer Science (CGPA: 8.66) — *Aug. 2024 – May 2028*

Euroschool — **Bangalore, Karnataka**
CBSE, Class 12: 75.4% — *Aug. 2023 – May 2024*

Ryan International School — **Bangalore, Karnataka**
ICSE, Class 10: 83.3% — *Aug. 2021 – May 2022*

Technical Skills

Languages: Python, Java, JavaScript, TypeScript, HTML, CSS
Frameworks: React, Next.js, Django, Node.js,
Developer Tools: Git, Docker, Postman
Database: MySQL, PostgreSQL, MongoDB
AI/ML: Scikit-learn, Pandas, NumPy, Matplotlib, Jupyter Notebook

Experience

Undergraduate Researcher — September 2026 – Present
SRM University — *Chennai, Tamilnadu*

- Contributing towards a Real-Time Credit Default Risk Prediction and Early Warning Framework for BNPL micro-lending, focusing on EDA, behavioral signal analysis and data preprocessing

Software Engineer Intern — July 2026 – September 2026
YugaYatra Retail (Remote) — *Bangalore, Karnataka*

- Contributed to the development and quality assurance of Sahapati by assisting with user workflow implementation and Super Admin Panel testing, helping streamline application operations, improve response efficiency, and enhance the overall user experience.
- Contributed to the development and backend orchestration of Sevikaa's Admin Panel by resolving data synchronization issues between the application and database, ensuring consistent data updates, accurate system logs, and improved operational reliability.

Cyber Security Intern — December 2025 – March 2026
Talenciaglobal — *Chennai, Tamil Nadu*

- Contributed to the development of a cyber security product and performing vulnerability testing and security assessments across the platform
- Mapped identified vulnerabilities to OWASP standards and maintained structured security assessment documentation
- Performed basic reverse engineering and binary analysis using Radare2, packet-level traffic analysis using Wireshark and used SQLMap to assist in vulnerability identification

Projects

Paylio | *Python, Pandas, Javascript* — May 2026

- Integrated Zerodha Kite Connect to synchronize holdings, securely store encrypted broker credentials, calculate portfolio values, and create daily portfolio snapshots.
- Developed a 3-stage transaction-categorization pipeline—user-learned merchant mappings, keyword rules, and asynchronous local-LLM fallback—alongside CSV bank-statement import and account-level duplicate prevention.
- Built a test suite across 28 test files covering models, transaction imports, categorization, budgets, API behavior, integrations, webhooks, background tasks, and mobile API client behavior.

AlgoNext | *React, TypeScript, PostgreSQL, Redis, Node.js* — May 2026 – June 2026

- Implemented an in-browser code editor using Monaco Editor, integrated with Judge0 for sandboxed multi-language code execution and automated judging
- Designed a Django REST Framework backend with Celery and Redis for async task processing, PostgreSQL (Supabase) for storage, and Node.js for auxiliary tooling/build scripts

- Implemented Clerk for authentication; deployed frontend on Vercel and backend on Render

RegTech Investigation Workspace | *Python, Streamlit* February 2026 –March 2026

- Developed a synthetic data pipeline to generate KYC profiles and transaction logs, with detection logic in progress for structuring and rapid fund movement patterns
- Designed an audit trail system that logs each step of the AI's reasoning, aimed at supporting human-in-the-loop review and transparency for regulator-facing output

Activities & Leadership

Creative Lead November 2025 – Present

L'Atelier Français *Chennai, Tamil Nadu*

- Directed design and development of branding materials — club lanyards, event posters, and promotional content by coordinating with organizers to deliver visual assets for multiple campus initiatives

Creative Member September 2025 – Present

Placvs *Chennai, Tamil Nadu*

- Spearheaded design of promotional assets for flagship college events (Internship Fair 3.0, Prayatna), coordinating with cross- functional teams under deadline to ensure consistent visual communication

Achievements

* Secured SRMJEE Scholarship Rank: 315
* 1st place at GCICI Hackathon by JA-Assure
